

SMD Gains Russian Register Approval

SMD Telecommunications has added the prestigious service supplier approval of the Russian Register of Shipping to its ever growing list of accreditations.

The scope of the certification includes Shore Based Maintenance of GMDSS equipment, inspection and testing of GMDSS radio equipment for compliance with the requirements of the SOLAS convention, installation, commissioning, programming, maintenance and repair of radio communication and navigational equipment, annual inspection maintenance and repair of VDRs, annual inspection and Shore Based Maintenance of EPIRBs

SMD is already approved by American Bureau of Shipping, Bureau Veritas, Det Norske Veritas, Germanischer Lloyd, Lloyds, and NKK.

SMD is available to carry out installation, maintenance and repair of radio and navigational equipment on ships and ashore throughout Southern Africa.
