

# SMD Telecommunications CC

John Carstens

Leon van Rooyen

## Staff Changes at SMD

At the end of March John Carstens left SMD to pursue other interests. John has headed up the sales team in Cape Town since 2002. The management of SMD thanks John for his efforts during this period and wishes him every success in the future. Though he will no longer be with us on a full time basis he has agreed to return when required to assist with certain on going projects.

At the beginning of April we welcomed Leon van Rooyen to the Cape Town team as Sales Representative. Leon is already well known to the marine industry in Cape Town and will be active in promoting all aspects of the products and services offered by SMD to the local market.

Leon can be contacted on 083 255 5120 or [leon@smd-marine.com](mailto:leon@smd-marine.com)

For over 50 years SMD has been committed to provide service to the marine electronics industry. Our long term representation of leading marine electronics manufacturers such as Atlas Hydrographic, Consilium Selesmar, JRC, Lilley & Gillie, NERA, SAM Electronics, S.G. Brown, TSS and Yokogawa along with newer companies like McMurdo, MARIS, Rutter, SAAB and Satamatics is proof of this. Offices are established in each of the major ports on the SA coast from which SMD can quickly respond to requests for service throughout Southern Africa.
