### TSS (International) Ltd. separates from VT Group plc

TSS (International) Ltd has been formed from a successful management buy out of VT TSS Ltd from VT Group plc.

**TSS** supplies high integrity products into the Marine, and Oil & Gas markets, & continues to increase investment into R & D to further its technology position. These products include:-

- The **TSS** range of motion sensors designed to enable highly reliable productive surveys aboard small or large vessels in varying sea conditions.
- The **TSS**, world leading, range of underwater pipe and cable location and tracking equipment, used in the Oil, Gas and Telecommunications Industries. These can also be ROV Mounted.
- The **S G Brown** range of Marine Gyrocompasses and accessories.
- Combining specialist knowledge from the **TSS** and **S G Brown** brands the product range includes the Meridian and Marinus attitude and heading reference systems.

Building upon recent successes, the Company's strategy will continue to be one of growth through its expanding product range & services, coupled with its worldwide representative network. The business will continue to operate from its headquarters in Watford with offices at Aberdeen & USA.

**TSS (International) Ltd** products will continue to be marketed in the Southern African Region by **SMD Telecommunications CC** as they have been in the past.
